Death of Miss Lucinda Hargrave From the Effects of Paralysis-Sketch of the Late Dr. J. W. Good-Wyn-Accidentally Hurt.

Lynchburg, Va., Feb. 24.-About 8 o'clock yesterday morning Mrs. Lucin-da Hargrave died in this city. She was born in January, 1828, in Dinwiddle, and was the daughter of Mr. Philip Maddera and Mrs. Joanna Maddera.

Nearly twelve months ago she was stricken with paralysis, and since then has been confined to her home, and a large part of that time, as a great sufferer, she was well night helpless. This long trial she bore with exem-

THE LATE DR. GOODWYN.

THE LATE DR. GOODWYN.

The Macon (Ga.) News, of February 12th, speaks as follows, concerning the late Dr. J. W. Goodwyn, a native of this city: "Dr. Goodwyn was born in Petersburg, Va., in 1832. He came to Macon about twenty years ago, and lived here ever since that time. Dr. Goodwyn had charge of the smelting and sait works of the Confederate government during the war, and later on engaged in the drug business. Shortly after the war he came to Macon and became connected with the drug-house of Lamar & Co., and about five years ago established a drug-store of his own. Dr. Goodwyn was one of the typical to the class that is rapidly passing away. He was one of the most popular places in the city and the doctor always had a pleasant word for everybody who came in Macon. When he made friends he was a member of that body. He was a consistent member of St. Paul's Church, and lived strictly up to its rules.

"Dr. Goodwyn leaves a loving wife and three children to mourn their loss. "Macon losses a good citizen, and the family has the sympathy of the city in their bereavement."

THROWN FROM HIS BUGGY.

Mr. J. M. Williams, of Brunswick county, while driving to Blackstone in the late was been at once how well an investment of a stonce how well an investment of a stonce how well an investment of a stonce how well an investment of a small seaction in the course of a tev years. Since the success of Mr. Woodrum became apparent nearly all the farmers in the courty have set out orchards—since the success of Mr. Woodrum became apparent nearly all the farmers in the course have years. Mr. J. M. Williams, of Brunswick county, while driving to Blackstone in his buggy on last Wednesday met with an accident which fortunately resulted only in the soiling of his clothes. One of the pins of the buggy broke, causing a wheel to become detached, and Mr. Williams to be thrown out into the road.

LYNCHBURG.

INJURED BY EXPLOSION OF ACET YLINE GAS.

Itynchburg, Va., Feb. 24.—Harry Cleland, son of Mr. James M. Cleland, was fearfully injured yesterday afternoon by the explosion of an acetylene gas gengrator. He went into the little air tight, strongly constructed building in which the machine had been placed and removing the top of the tank struck a match to examine the interior.

There was a terrifice explosion and young Cleland was thrown back with such force that he knocked down one side of the building. A boy who was standing just outside the door with his foot on the sill, was blown through the opening, a distance of twenty feet, and two boys on the outside were hurled over the top of a lot of bushes. Their injuries, however, were very slight. Cleland's injuries may prove fatal. Every tooth was torn from his mouth.

His brother William Cleland was accidently shot and killed in Havana a few weeks ago.

W. H. Hawkins, a man of forty years

fow weeks ago.

W. H. Hawkins, a man of forty years of age, was caught between two cars in the Southern Railroad yard and was crushed in such a way that he can

hardly recover.

He has a wife and several children, and was an employe of the Railroad.

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Codliver Oil with hypophosphites can do just this.

It strengthens the nerves, feeds famished tissues, and makes rich blood.

SCOTT & BOWNE, Chemista, New York.

ROANOKE

Section.

The Apple Industry as Developed by a Farmer-A Recently Organized Company is Planting Immense Orchards-Decision Sustained.

Roanoke, Va., Feb. 24.-Roanoke county is destined to be the greatest fruit producing section of the State. Among the fruit growers, Jordan Woodrum, of Air Point, is perhaps the ploneer, as he was the first to demon-strate the fact that as an apple-growing district Roanoke county is unsurpassed. He was the first to plant an extensive orchard in the Bent Mountain section, which is now yielding annually to the owner from \$3,000 to \$7,000. The apples of this one orchard are sold to packers on the trees, so it can be seen

is destined to be of untoid value to fruit growers.

The demonstration of the fact that Roanoke county soil will grow fruit as well as that of any other section of the United States has developed the organization of the Diamond Fruit Company at Salem. A. M. Bowman, of Salem, is president, and T. J. Shickel, secretary.

They have purchased 450 acres of land on the south side of Roanoke river, along the foot hills of the Blue Ridge mountains, and it will be planted in peach and apple trees. There are already growing 25,000 trees, and 9,000 more have been curchased, and are heeled in awaiting the spring planting. Of the 44,000 trees half are apple and half are peach. This will be the largest single orchard in this part of the country, and is said to be by far the largest in the State. The peach trees will bear in the State. The peach trees will bear in the eyears, but the apples will yield no profit under eight years.

Judge John W. Woods to-day rendered his decision in the petition for a rehearing of the case of Officer Robinette, convicted of killing Killis Clemens, a negro, and who was sentenced to six months' imprisonment, and to pay a fine of \$560. The Judge sustained the verdict of the jury, and now the case will be taken to the Court of Appeals by the defendant.

DEATH OF A YOUNG MAN.

Anthony Randolph, son of Rev. C. C. Randolph, of Fincastie, died Tuesday afternoon of pneumonia. Young Randolph was just entering manhood, and his death is mourned by the entire county of Botetourt. He was a young man of fine promise. His father, who is quite ill, is rector of the churches at Buchanan, Fincastie and Eagle Rock, and one of the most popular divines in this section of the State.

CHASE CITY.

BURGLAR STRIKES A MATCH ONCE TOO OFTEN.

Chase City, Va., Feb. 23.—The striking of one match cost Gus Ford a sentence of fifteen years in the penitentiary. He was tried in the County Court yesterday, and this was his fate:
Ford, a stout black negro, broke in the railroad depot here after midnight, and as he gently opened the interior office door to get his bearings in the darkness and look in, he lighted a match and held it before him. Mr. Alonzo Nelms was asleep in the office. The match suddenly awakened him, and by its light the man's tace was completely photographed on his mind.

He sprang from his bed to grasp his gun. The negro fired, the ball passing very near Mr. Nelms and penetrated the wall. The negro, then in the darkness, escaped.

Ford was subsequently captured. Meanwhile a detective had secured ample evidence to convict him. He has alroady served a term in the penitentiary for burglary.

(Special to Virginian-Pilot.)

Courtland, Va., Feb. 24.—The Democratic Executive Committees for Sauthampton county met in the courthouse to-day, A full representation was present. Hon. John C. Parker, chairman, called the meeting to order at 12 o'clock. The object was to adopt a plan for the nomination of county officers to be voted for at the ensuing spring election on the fourth Thursday in May overs expressing on their ballots their first and second choice. The 8th day of April was the day fixed upon for holding the primary.

Beary the Signature of the Mind of the Mind

bought a small tract of land near here for \$600. He bargained and concluded the 6ale before arrival here. He moyed in with his wife and one child. In a few months his wife died. He had fixed up the place comfortably. He told me that within six weeks after the death of his wife he had asked four American women to marry him and aid in taking care of his little girl, but none would consent, and he sold out his personal effects, abandoned his land and left for England never to return to live among such unsympathetic women.

(Special to Virginian-Pilot.)

Suffolk, Va., Feb. 24.-Lleutenant J. C. Causey, who went from Suffolk as lieutenant of Company G, Fourth Virginia Volunteer Infantry, but who has since been promoted, has been doing some exploring in Cuba. He has late ly returned from a tour across the island to Santiago. In a private letter received here to-day from the Second Brigade, Second Division, Seventh Army Corps, Havana, Lieutenant Causey says in part:

"I have just gotten back from San-"I have just gotten back from Santiago, where I have been for thirty days on special duty. I took a three hundred mile ride across and up the island on mule back. Had a most interesting trip, and just got back here in time to be ordered to take a ten days march with our brigade. We start at 8 in the morning, and I am very busy fixing the details, etc.

"I have been detailed to go ahead and pick out camping ground and water supply for each day, which will be no easy task, as I will have over 3,000 men to provide for."

FEBRUARY STAR PUPILS.

FEBRUARY STAR PUPILS.

The roll of honor in public school No. 1 and Suffolk High School for February is the smallest numerically of any month for several years. That was because of the terrible weather, as the star pupils' record is dependent in part on attendance they couldn't stay home and get on the roll. Here is a list of the fortunate ones:

First and Second Grades—Marvin Hill, Henley Boykin, Frank Jonés, Fannie Riddick.

Third Grade—Wildey Smith Frank

Third Grade-Wildey Smith, Ernest Saunders.

Saunders.
Fifth Grade—Sammie Stallings, Ruby
Keller, Lizzie Smith, Belle Spivey.
Sixth Grade—Caroline Boykin.
Seventh Grade—David Wood, John F.

First Year High School—Telza Smith.
PLANT IN OPERATION.

Contractor Burwell Riddick's plant down on East Washington street is now in operation and running on full time. It is operated by a gasoline engine, which runs beautifully. The first order of corrugated iron is now packed for shipment. It will go to Philadelphia.

MINIATURE GOAT CARRIAGE. Mr. John L. Gay has procured a unique carriage for his young son. It is a goat carriage made in miniature justilike a buggy for grown people. The painting, shape, cushions and all are reduced duplicates of a high class buggy. Messrs. J. M. Butler & Sons made it.

ST. MATTNAS' SERVICES.

There was a good sized crowd to attend services at St. Paul's P. E. Church this afternoon. This was St. Mattnas' day. The rector, the Rev. J. B. Dunn, made a very impressive lecture.

TWO MORE PLACES.

TWO MORE PLACES.

The court of election inquiry continued to-day and did business at Yeates' precinct, on the eastern side of Nansemond county. About 35 deponents were examined. This finishes the examination at that point. There are now only two more places to get through with. They will be done next week.

HAD A GOOD MEETING

HAD A GOOD MEETING. HAD A GOOD MEETING.

The Friday Afternoon Reading Club met to-day with Miss May Skiles, in West End. There was a full attendance of young literary women present, and they had a good time.

Adjourned to meet next Friday with the Misses Vanderslice. The readers then will be Misses Louise Britt and Josephine Causey.

DANVILLE.

Danville. Va., Feb. 23.—A number of the cadets attending the Danville Military School from this city rebelled yesterday and refused to attend school because the superintendent would not grant heliday on account of Washington's birthday. Boys who wished to attend were held up a half mile from the school, and either joined the rebels or were placed under arrest. The institute ranks among the best milltary schools in the South. The superintendent refused to give the holiday, because several days have been recently lost on account of the weather and other causes.

(By Telegraph to Virginia-Pilot.) Harrisburg, Pa., Feb. 24.—A resolution calling for an investigation of the charges of bribery in connection with the vote on the McCarrell jury bill was adopted in the House to-day. It calls for a committee of three Republicans and two Democratic members to condust the inquiry at an expense not to exceed \$1.000. The charges are made in the Philadelphia Press to-day, the paper stating that it is in possession of evidence that three members of the House were corruptly solicited to vote in favor of the reconsideration of the vote by which the McCarrell bill was placed on the proposed calendar. The paper omits the names of the members, but declares its willingness to disclose them when a formal demand is made.

The resolution was introduced by Mr. Koontz, an anti-Quay Republican. the vote on the McCarrell jury bill was

Hester's Cotton Statement (By Telegraph to Virginia-Pilot.)

New Orleans, Feb. 24.—Secretary Hester's statement of the world's visi-

ble supply of cotton shows a decrease for the week just closed of 28,916 bales, against a decrease of 43,982 last year, and 21,326 in 1895.

The total visible is 4,719,091 against 4,47,935 last week and 4,367,214 last year. Of this the total of American cotton is 4,401,019, against 4,47,935 last week and 4,119,214 last year, and of all other kinds, including Egypt, Brazil, India, etc., 318,000, against 29,000 last week and 249,000 last year, and 321,200 in 1895.

The Havana newspaper La Lucha is now printed partly in English, and it is having a struggle to set it up. There appears to be no "w" in its cases, and the expedient is adopted of putting two "v's" in its place. The effect of this is rather picturesque, as, for instance, when we find the name of the Father of his Country spelled Vyashington. La Lucha advices the American soldiers not to pay the newsboys more than 5 cents for the paper, that being the regular price.

"What did he say?" "He said every judge of pet dogs expects to be considered mean and hateful!"—Puck.

Walking the Floor.

When a business man gets to the point where he cannot sleep at night, where he is so shattered of nerve that it is torture to even remain in his bed, and he has to get up and pace the floor—it is time for that man to bring himself up with a round turn. If he does not, it means pervous prostration and mental, if not physical, death.

For a man who gets into this condition there is a remedy that will brace him up, put him on his feet and make a man of him again. It is Dr. Pierce's Golden Medical Discovery. It goes to the bottom of things, It searches out the first cause. When a man is in this condition you can put your finger on one of two spots and hit that first cause—the stomach or the liver or both. This great medicine acts directly on these spots. It promptly transforms a weak stomach into a healthy one. It facilitates the flow of digestive juices and makes digestion and assimilation perfect. It gives a man an appetite like a boy's. It invigorates the liver. It fills the blood with the life-giving-elements of the food, and makes it pure, rich, red and plentiful. The blood is the life current, and when it is filled with the elements that build new and healthy tissues, it does not take long to make a man well and strong. It builds firm, muscular flesh tissues and strong and steady nerve fibers. It puts new life, vigor and vitality into every atom and organ of the body. It curres nervous exhaustion and prostration. Nothing "just as good" can be found at medicine stores.

"I had suffered about eleveu years with a pain in the back of my head and back," writes Mr. Robert Hubbard. of Varuer, Lincoln Co., Ark, "I suffered for eleven years and spent a great deal of mouvey for doctors and medicine, but did not get relief. Then I tried four bottles of the 'Golden Medical Discovery' and improved greatly. I sent for five more and now am glad to tell everyone that I am in good health."
